

European Data Protection

covers essential pan-European laws and regulations, as well as industry- standard best practices for corporate compliance. Those taking this course will gain an understanding of the European model for privacy enforcement, key terminology and practical concepts concerning the protection of personal data and trans-border data flows.

The training is based on the body of knowledge for the IAPP's ANAB-accredited

Certified Information Privacy Professional/Europe certification.

Meet your privacy challenges head on with **IAPP TRAINING**

Data is one of your most valuable assets. Every day it is accessed, shared, managed and transferred at all levels in your enterprise. Unless your employees have a solid understanding of the considerations and challenges involved in managing data, you risk a data breach, diminished customer trust and possible enforcement action.

IAPP training can provide your staff with the knowledge they need to reduce risk, improve compliance, enhance brand loyalty and more. The IAPP offers privacy and data protection training specifically designed to extend that knowledge to those on your team requiring a solid understanding of privacy principles and practices.

In order to help you drive privacy knowledge across your enterprise, our comprehensive and flexible training options can be tailored to your specific needs and availability.

By investing in your staff with IAPP training, you will give them the knowledge to make better decisions in their everyday work.

EUROPEAN DATA PROTECTION

This training is an opportunity to learn about critical privacy concepts that are also integral to the CIPP/E exam. While not purely a 'test prep' course, this training is appropriate for professionals who plan to certify, as well for those who want to deepen their data protection knowledge. Both the training and the exam are based on the same body of knowledge.

MODULES:

Module 1: Data protection laws

Introduces key European data protection laws and regulatory bodies, describing the evolution toward a harmonized legislative framework.

Module 2: Personal data

Defines and differentiates between types of data as defined by the GDPR, including personal, anonymous, pseudonymous and special categories.

Module 3: Controllers and processors

Describes the roles and relationships of controllers and processors as defined by the GDPR.

Module 4: Processing personal data

Defines data processing and GDPR processing principles, explains the application of the GDPR and outlines the legal grounds for processing personal data.

Module 5: Data subject rights

Describes data subject rights, applications of rights, and controller and processor obligations as set out in the GDPR.

Module 6: Information provision obligations

Explains controller obligations for providing information about data processing activities to data subjects and supervisory authorities as set out in the GDPR.

Module 7: International data transfers

Outlines options and obligations under the GDPR for transferring data outside the European Economic Area, including adequacy decisions and appropriate safeguards and derogations.

Module 8: Compliance considerations

Discusses the applications of European data protection laws, legal bases and compliance requirements for processing personal data in practice, including employers processing employee data, surveillance, direct marketing, and internet technology and communications.

Module 9: Security of processing

Discusses considerations and duties of controllers and processors for ensuring security of personal data and GDPR specifications for providing notification of data breaches.

Module 10: Accountability

Investigates accountability requirements, including data protection management systems, data protection impact assessments, data protection policies and the role of the data protection officer.

Module 11: Supervision and enforcement

Describes the role, powers and procedures of supervisory authorities; the composition and tasks of the European Data Protection Board; the role of the European Data Protection Supervisor; and remedies, liabilities and penalties for noncompliance as set out in the GDPR.
